

Dear Puppy Buyer,

As a dog breeder, your puppy's health is one of my top priorities. That is why we offer an extension to your puppy's guarantee if you choose to use **NuVet Plus** immune system builder. All of the Three Cedars Retrievers dogs get **NuVet Plus** each day and once they reach 6 years of age they also receive **NuJoint DS** each and every day.

Hundreds of thousands of dogs are using **NuVet Plus** to protect against most ailments (from back yard pesticides, pet food allergies and hormones, toxic formaldehyde in furniture and carpeting, ailments transmitted from dog parks and the vet's office, etc), while maintaining a beautiful skin and coat.

This is not just a vitamin. It's an immune system builder with a precise balance of vitamins, minerals, omega fatty acids, amino acids and high-potency antioxidants. That's why it works so well through all three stages of a dog's life.

- ✓ For puppies - It fills the immunity gap all puppies experience. Shortly after birth maternal antibody effectiveness is greatly reduced. By 8 weeks your puppy's immune system is at a vulnerable point. Once in their new home, the immune system is weakened by the stress of adoption and exposure to novel bacteria and viruses in their environment. This is also when the vaccine series is started. Vaccines are only effective if the immune system can respond properly. Starting **NuVet Plus** now is important to helping your puppy grow into a healthy adult.
- ✓ For dogs in their prime - it improves the luster of their skin and coat while protecting against allergies, skin and coat problems, staining from tears, digestive problems, etc.
- ✓ For older dogs - it helps protect against, tumors, premature aging, cataracts, heart conditions, diabetes and many types of cancer, while extending the life and improving the vitality of many dogs.

I highly recommend **NuVet Plus** to keep your puppy on the path to perfect health! We use it because athletes like the 3CR dogs need the extra immune system protection it provides.

NuVet Plus and **NuJoint DS** are not available in stores, and are only available to the general public with an order code from an authorized pet professional.

For your convenience, you may order directly from the manufacturer by **calling 800-474-7044** and using **Order Code: 79244**, or ordering **online** at www.nuvet.com/79244

To the long life and health of your puppy!

Jack Biddle
